

Artpace 25th Anniversary Happening Postponed

March 11, 2020

Given the growing concerns around COVID-19, Artpace San Antonio has made the decision to postpone the 25th Anniversary Happening, which was scheduled to take place on Saturday, March 21. Currently, there are no community cases reported in Bexar County or San Antonio; however, our decision was made with consideration for our local and international communities. We look forward to rescheduling this celebratory event and appreciate your patience and understanding. For more information, contact development@artpace.org.
